**be BOLD.
be COURAGEOUS.**

BRI is thrilled to welcome for a second year, nationally-known speaker Natalie S. Burke, “equity evangelist,” strategist, master facilitator, and public health leader, Natalie provides executive leadership for CommonHealth ACTION whose mission is to develop people and organizations to produce health through equitable policies, programs, and practices. Since the mid-90s, Natalie has held leadership positions focused on creating opportunities for health through community, institutional, systemic, and policy change. Her public health and health care experience include technical assistance and capacity building for hundreds of community-based organizations and collaboratives; universities and medical schools; national and international corporate entities; and philanthropy—as well as federal, state, and local governments.

Natalie will facilitate and lead two half-day sessions on diversity, equity and inclusion for BRI attendees during the week of July 25, 2021. Additional conversation sessions are scheduled as BRI will also host time for social connections and networking, a silent auction and several breakout sessions.

We invite you and your company to become part of this phenomenal gathering. Align with high performing community leaders...each affecting positive change in their hometown communities across America.

Sponsorship opportunities are limited, so sign up today!

“ Imagine the power of a purpose-driven workforce that sees business models as mechanisms for social change; values failure and recalibration as opportunities to succeed; and equity in all things as a tool to make us bigger, faster, smarter, stronger, and better at what we do – together. ”
